Funding for Murwillumbah repairs

Minister for Lands, Tony Kelly, says the State Government is providing a grant of almost $5,000 towards repairing flood damage on Crown land at Murwillumbah on the north coast in May 2009.

“The funding of $4,872 will be given to the Murwillumbah Showground Trust for repairs to the Murwillumbah Showground,” Mr Kelly said.

Duty MLC for the Tweed, Amanda Fazio welcomed the funding announcement.

“The funds are from the Government’s Natural Disaster Relief Scheme which provides funds to alleviate the distress caused by a variety of natural disasters such as flood or fire.

“Grants are made available to trusts which do not have the financial capacity to meet the costs from their own resources, provided the facilities concerned are public assets.”
